▶ **Display**

▶ **Sleep mode, Illumination, Day Night mode, Colour theme, Calibration 15 seconds, 30 seconds, 60 seconds, More, Less, Minimum, Maximum, Language, Select, Playback**

▶ **Device**

▶ **Call answering on, Call answering off, Language, Sync Phonebook, System, Version Info, Software Update, Factory setting, Yes, No**

Handling via touch screen:

All displayed commands can also be operated intuitively via touch screen and are self explaining. Except more voice tags. **Read new message** and **Dial Joe Bloggs**. The operation can be carried out via possibly existing arrow keys. With the **red** symbols you can cancel an action or go a step back. With the **green** symbol you can confirm actions. In certain menus speech support is available. You can activate the audio feedback by touching the field **Audio feedback** in the menu Voice dial.
