

UNI DESKTALK

FOR HOME & OFFICE

CONTENTS

1. Power supply unit
2. Docking station
3. Loudspeaker
4. Mikrophone
5. Little-Flat Antenna

works with all UNI Take&Talk's cradles

- Comfortable hands-free speech with all leading makes of mobile phone
- Versatile kit for home or the office
- Supports the charge function for the mobile phone
- Integrated speaker and external directional microphone
- Supports the connection of antennas** and headsets** from THB Bury
- Scope of supply includes Little Flat antenna
- Volume control via mobile phone

UNI DeskTalk allows you to chat on your mobile phone hands-free, at home or in the office, with THB Bury's usual high quality of communication. Thanks to the new docking cradle, this product supports any of the mobile phone cradles in the UNI System 8 range. This also enables the mobile phone cradle to be used with other new products from this range.

Furthermore, along with the charge function for your mobile phone, the UNI DeskTalk also supports the connection of an external antenna** and a headset**. This protects you from the radiation emitted by the mobile phone, allows you to enjoy uninterrupted conversations against noisy backgrounds and opens the door to the Internet for your data-enabled mobile phone***.

You will find a comprehensive list of the available products on the Internet at www.thb.de or by calling the THB hotline on 00800 / 842 468 54 63.
